Petitioner further alleges she suffered the residual effects of her injury for more than six months after the administration of the flu vaccine. Petition at 18. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On November 12, 2020, a ruling on entitlement was issued, finding Petitioner entitled to compensation for SIRVA. RESPONDENT'S PROFFER ON AWARD OF COMPENSATION

I. Items of Compensation

On November 10, 2020, respondent conceded that entitlement to compensation was appropriate under the terms of the Vaccine Act. The Chief Special Master issued a Ruling on Entitlement on November 12, 2020, finding that petitioner was entitled to vaccine compensation for his right-sided shoulder injury related to vaccine administration (“SIRVA”). Based upon the evidence of record, respondent proffers that petitioner should be awarded \$75,141.95. The award is comprised of the following: \$75,000.00 for pain and suffering and \$141.95 for past out of pocket medical expenses. This amount represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a). Petitioner agrees.

II. Form of the Award

The parties recommend that compensation provided to petitioner should be made through a lump sum payment of **\$75,141.95**, in the form of a check payable to petitioner.¹ Petitioner agrees.

¹ Should petitioner die prior to entry of judgment, the parties reserve the right to move the Court for appropriate relief. In particular, respondent would oppose any award for future lost earnings and future pain and suffering.

Petitioner is a competent adult. Evidence of guardianship is not required in this case
